

European Nail Society 3rd Nail Histopathology Workshop

Invitation to attend and participate

Dear Friends and Colleagues,

We cordially invite you to attend and participate in the 3rd European Nail Society Nail Histopathology Workshop, which will be held at La Maison de la Dermatologie de la Société Française in Paris on the morning of Wednesday, 12 September 2018 from 8:30 am to 11:30 am. This workshop convenes a group of internationally recognized experts in nail histopathology and clinical nail disease. There will be keynote lectures given by Dr. Michela Starace (Italy) and Dr. May Chan (USA) on current nail pathology topics. Cases for interest and assistance in diagnosis and treatment will be presented by speakers including Drs. Inès Zarea, Georges Reuter, Christoph R. Löser, Isabelle Moulonguet, and Axel Villani. The cases presented will have both clinical and pathologic images. There is no charge to attend. Light refreshments will be served. The theme for this year's workshop is "melanocytic".

If you have any questions, please email Adam Rubin and David de Berker (adam.rubin@uphs.upenn.edu and david.deberker@blueyonder.co.uk).

To register your attendance at the ENS 3rd Nail Histopathology Workshop, please go to the following website <https://www.surveymonkey.co.uk/r/WPZVC98> Details will be sent to all registered attendees.

Space is limited, and registrations will be accepted on a rolling basis. We regret that once the maximum number of attendees is reached further registrations will not be possible.

We are looking forward to seeing you in Paris! Please also join us for the regular meeting of the ENS the afternoon of the same day at the EADV congress starting at 13.30.

Warm regards,

Adam Rubin, Isabelle Moulonguet, and David de Berker
